EDUCATION

**2020 - 2024
AFRICA UNIVERSITY**

- Bachelor of Science Honors in Software Engineering (2.1)

FALCON COLLEGE

Cambridge GCE:

- A level, 4 passes
- O level, 6 passes

PROFILE

With experience in web development projects, I focus on creating intuitive front-end user interfaces aimed at enhancing user experience through thoughtful UI/UX design. My technical skills include building web systems using React.js or Vue.js, as well as foundational mobile development with Flutter. Additionally, I'm knowledgeable of industry-standard technologies and am capable of providing entry-level IT support for company hardware and software systems. I aspire to keep growing and evolve into a versatile software engineer capable of delivering reliable, scalable, and innovative solutions that address modern technological demands.

PORTFOLIO PROJECTS

You can View my Portfolio Website at gsovren.github.io

I've worked of projects such as the following:

- **Websites**: Landing pages, marketing pages, Blog sites, Enquiry forms and User Authentication forms.

- **Self-Service Web portals**: For Insurance companies and banking systems. Including Admin dashboard design and development.

- **User Interface Design & Prototyping:** Creating Interactive Prototypes with Adobe XD and Figma.

- **CRUD Application systems:** Full stack web projects with CRUD functionality (Create, Read, Update, and Delete). Using React, PHP/Laravel, Python/Flask.

SKILL SET

UI/UX Design

- Figma
- Adobe XD
- Canva
- Interactive prototyping

Web Development

- HTML, CSS, PHP, JavaScript and Boostrap5 for web development
- Favored IDE:
  - Visual Studio Code
- Web frameworks:
  - React.js
  - PHP Laravel
- Database technologies:
  - MySQL, SQLite
  - Firebase Auth
- Programming Languages
  - Familiar with Python and C#

LANGUAGES

- English
- Shona

WORK EXPERIENCE

Infratech Africa   November 2024 - Present

IT Solutions expert/Developer

Duties:

- Design, code, test, and maintain software systems and applications.
- Translate functional and technical requirements into efficient, scalable solutions.
- Collaborate with project teams to ensure alignment with user needs and system objectives.
- Integrate and support APIs, databases, and user interfaces.
- Conduct debugging, troubleshooting, and system optimization.
- Maintain documentation and version control for all development work.
- Support deployment, user training, and post-implementation maintenance.

ZETDC IT department   March 2023 - January 2024

IT Student Intern

Duties:

- Help desk services
- IT hardware support
- Monitoring server status
- Participating in the development of web and mobile applications

PERSONAL ACHEIVMENTS

The @Sign Company Appathon II 2021 First track Winners.
Data camp certificate, in Data Engineering
